AUBURN CALIFORNIA MUNICIPAL AIRPORT

NOISE ABATEMENT PROCEDURES AND GENERAL INFORMATION

This **PILOT GUIDE TO NOISE ABATEMENT PROCEDURES** established at our airport has been prepared to help you operate your aircraft in the quietest manner possible, consistent with safety. The information is designed to help the airport be a good neighbor to the surrounding residential neighborhoods. Please comply with these procedures unless deviations are made necessary by weather, air traffic control instructions, an in-flight emergency, or other safety considerations.

Thank you for your cooperation!

PREPARED BY THE
AUBURN AVIATION ASSOCIATION
Dedicated to Aviation, Safety, Friendship,
Education and Community Involvement
